

TurkiyeJobs.org — Complete Product & Technical Specification

For Cursor AI / developers cloning MasrJobs for Turkey. Domain: **https://turkiyejobs.org**. Replace Egypt and Arabic with Turkey and Turkish; keep architecture identical unless noted.

1. Product overview

1.1 Purpose

Sector-specific job board for NGOs, INGOs, development agencies, and social enterprises:

- **Individuals** — browse, save, apply
- **Organizations** — register, verify, post listings
- **Admins** — verify orgs, approve listings, moderate users

1.2 Core value

- Two-stage trust: organization account + each listing human-reviewed before public
- Listing types: Jobs, Consultancies, Trainings, Volunteer Roles, Tenders, Grants
- Apply modes: internal on-platform, email, external URL
- Verified employer directory

1.3 Market (TürkiyeJobs)

Dimension	Value
Sector	Turkey NGO / development / civil society
Languages	English + Turkish (TR)
Domain	https://turkiyejobs.org
Locale direction	LTR for both EN and TR (Turkish is not RTL)
Examples	Istanbul, Ankara, Turkish organizations

2. Tech stack

Layer	Technology
Framework	Next.js 16 (App Router)
UI	React 19, Tailwind CSS v4
Database	PostgreSQL (Neon)

ORM	Prisma 7
Auth	NextAuth v4, Credentials, JWT (30 days)
Email	Resend
Hosting	Vercel (GitHub main → deploy)

```
npm run dev | npm run build
npx prisma db push    # from app root
npx prisma db seed
```

Environment variables

```
DATABASE_URL=
NEXTAUTH_SECRET=
NEXTAUTH_URL=https://turkiyejobs.org
NEXT_PUBLIC_SITE_URL=https://turkiyejobs.org
NEXT_PUBLIC_ENABLE_DEMO_AUTH=false
RESEND_API_KEY=
EMAIL_FROM=TurkiyeJobs <noreply@turkiyejobs.org>
CONTACT_INBOX_EMAIL=
```

3. Design system

Navy #1b365d, Gold #c5a059, Background #f8f7f4. Rounded cards, PageShell/PageIntro, sticky header with gold accent.

4. Roles & authentication

Role	Dashboard
INDIVIDUAL	/dashboard/user
ORG_USER	/dashboard/organization
ADMIN	/dashboard/admin

Register → login → JWT. /dashboard/* protected in src/proxy.ts. Demo auth only for local preview.

5. Database (Prisma)

Models: User, Organization, OrganizationProfileChange, Category (nameEn + nameTr), Opportunity, OpportunityAttachment, Application, SavedOpportunity, FeaturedOpportunity, ExternalApplyIntent, Notification, AdminActionLog, PasswordResetToken, NewsletterSubscription, EarlyAccessEmail, CommunityEvent (confirmed boolean), SiteSetting.

Opportunity status: PENDING_APPROVAL → PUBLISHED | REJECTED | CLOSED

Org verification: PENDING → VERIFIED | REJECTED

6. Business workflows

Organization (stage 1)

Register → admin approve/reject → VERIFIED can post.

Listing (stage 2)

Submit → admin approve/reject → public catalog. Featured toggle. Close/delete.

Applications

- Internal: POST /api/applications/internal → Application + emails
- Email / external: instructions + ExternalApplyIntent
- Employer PATCH status → applicant email

Catalog

GET /api/catalog — published only, no-store. Production uses Neon, not localStorage.

Homepage early launch

If published count < 10: EarlyAccessEmail capture. Else: six category pill links.

7. Public routes

Route	Purpose
/	Homepage
/opportunities	Filterable listings
/opportunities/[id]	Detail + apply
/organizations	Directory
/organizations/[slug]	Org profile

/resources	Articles + newsletter
/about, /how-it-works, /impact	Content / transparency
/events	Events + UNCONFIRMED badges
/contact	Contact form → Resend

8. Dashboards

User: applications, saved jobs, profile.

Organization: post form, listings, applications, profile changes (pending admin).

Admin: pending orgs/opportunities, user/org registry, profile changes, audit logs, site contact settings.

9. API summary

Public: catalog, newsletter/subscribe, early-access, contact. Auth: register, forgot/reset, nextauth. Me + organization + admin routes as in MasrJobs reference codebase.

10. Internationalization

- File: src/lib/i18n/home-translations.ts
- Locales: en | tr (replace ar with tr)
- LanguageContext + EN | TR toggle in header
- Turkish is LTR — dir="ltr" for both locales
- Category.nameTr in database

11. Homepage specification

- Hero: two subheadlines + trust line; CTAs Browse | Post a listing →
- Organizations on TurkiyeJobs strip (verified only)
- Category pills if ≥10 listings; else early-access email
- Explore: six cards; "Our commitments" → /impact
- Newsletter block + Employer CTA (light background)
- Featured + latest catalog sections

12. Content pages

- **About:** mission, who we serve, quality, who built this (Turkey founder copy)
- **How it works:** numbered employer two-stage process; 48h review note
- **Impact:** Our commitments (4 bullets), How verification works
- **Events:** confirmed field, UNCONFIRMED badge, warning banner
- **Resources:** newsletter top; author "TurkiyeJobs Editorial"; read time
- **Contact:** staff inbox + user confirmation email

13. Email (Resend)

Registration, password reset, applications, org/opp approval, status updates, contact form. From: noreply@turkiyejobs.org

14. Repository layout

```
turkiyejobs/  
├─ prisma/schema.prisma  
├─ prisma.config.ts  
├─ src/app/ | components/ | context/ | lib/  
└─ src/proxy.ts
```

Run Prisma from app root where .env lives.

15. Turkey clone checklist

- Brand TurkiyeJobs.org + turkiyejobs.org env URLs
- Replace Egypt/Cairo strings with Turkey/Istanbul
- Full en + tr translations
- EN | TR toggle; LTR only
- Neon DB, prisma db push, seed, Resend, Vercel
- NEXT_PUBLIC_ENABLE_DEMO_AUTH=false in production

16. Reference

Based on MasrJobs.org architecture (commit 2a33ee9). This document uses domain **<https://turkiyejobs.org>** throughout. Default contact: hello@turkiyejobs.org
